

ISU/Local 96 Labor Management April 15, 2010 Meeting Minutes

Present: Cosette Bergman, Andy Bock, Kristi Darr, Patti Lewis, Diane Muncrief, Tim Cook, Liese VanderBroek, Sok-Leng Tan

Absent: Mary Jo Bergmann, Adam Swihart, Jim Riordan

Next meeting: June 17, 2-4pm, 3590 Beardshear

- I. Speakers Mark Miller and Mishelle Michel from ISU Parking Division joined the meeting to discuss Disability Parking on campus.
 - Mark gave an overview of Parking Services explaining they are a self supporting entity.
 - Parking fees fund parking lot maintenance, snow removal and salaries for staff.
 - Discussed the various types of parking permits across campus and that they have opened up 350 additional (general) parking spots on campus in the past couple of years.
 - Medical permits/designated spots used to be set up closest to the building, now they are looking at the overall needs of the area. Spots are reviewed periodically. This is easy to do in the General lots but Reserved Medical spots are more of an issue and they are moving away from "assigned" medical spots in lots.
 - Based on the number of parking spots on campus (14,333) ISU is required to have 154 medical spots, they currently have 374, this includes permits for staff, students and retirees.
 - There was a discussion about who is responsible for the snow removal for the ramps leading up to the buildings; FP&M is responsible within 20' of the building.
 - Issues were raised about the current staff and where they park in relation to the elevator in the building. Mark pointed out that permits are tied to a specific person; if they leave the university then the whole lot would have to be reconfigured for one person. They are moving away for designated spots for a particular person and moving to medical (designated) stalls whenever possible.
 - Mark encouraged us to provide feedback about the lots as they are being redone.

- II. Minutes from the February meeting were reviewed and edited. Andy will update and resend to Ruth for publication.

- III. There was no update on the ISU Committees recommendation, Diane will review prior to May meeting.

- IV. YakTrax Program update. Andy followed up with ISU Central Stores and found that they carry two versions of YakTrax in various sizes; cost is \$20 for the heavy duty and \$12 for the light duty. Andy submitted a proposal; Kristi will

- follow up with ISU Legal on questions raised about the proposal and report back at the May meeting.
- V. Andy noted that he has not been able to keep up with the notices of ISU Clerical Transfer postings due to the new format. Kristi said the process was changed per another requestor; the process can be re-established and sent to Andy. Andy and Liese determined that future notices would be sent to Liese.
- VI. Andy and Kristi confirmed that the monthly data reports are done!
- VII. Tim encouraged us to get agenda items for next month's meeting in earlier so that committee members receive the final agenda on the Monday prior to the Thursday meeting.
- Suggested items for next meeting include
 - update on ISU committees (Diane)
 - YakTrax follow up (Kristi).
- VIII. Next meeting is set for June 17, 2010
- IX. Meeting adjourned 3:40PM
